KEAWAKAPU BEACH

“CRITTER OF THE WEEK”

(808) 870-2738

RIDGEBACK SLIPPER LOBSTER (" ula papapa")- This heavily armored, slow-moving crustacean is the largest Hawaiian Slipper Lobster, growing up to 20". A series of humps down the center of the back distinguish it from it's cousin, the Scaly Slipper Lobster. It seldom ventures out during the day. Unique shot!
