

SCUBA LUV MAUI DIVE REPORT

“CRITTER OF THE WEEK”

(808) 870-2738

ZEBRA MORAY “puhi” - Chocolate brown , encircled by over 100 yellow-white stripes, Zebra Morays sometimes forage in the open by day as this guy did.

They have blunt, pebble like teeth and feed mostly on crabs, which they swallow whole.

This also is the only known moray known to change sex...female first... then male later.

Grows to 5’.
