PICTURE OF THE WEEK!

A large pod of Spinner Dolphins joined us as we were returning from our scooter dive today! Each time we backed off they circled back and came to get us. The teenagers were jumping out of the water which made for amazing underwater footage as they dove down before the leap! We were 10' away from a young dolphin nursing as the pod moved across Makena Bay. What an amazing Mother's Day Miracle!

DATE OF REPORTING: MAY 8, 2011

AIR TEMPERATURE: 84 degrees
WATER TEMPERATURE: 77 degrees at 60'
